INSTALLATION DATA SHEET

INSTALLATION:

- 1. This unit is furnished completely assembled. Before installing, check the luminaire label to ensure correct voltage and frequency.
- 2. The LED driver in this luminaire is designed to operate in grounded neutral systems only.
- 3. Install the luminaire using the provided brackets. (Mounting hardware supplied by others)
- 4. Remove the lens and LED reflector assembly.
- 5. For supply connections, use conductors suitable for minimum 90°C.
- 6. Connect internal wires per wiring diagram on the LED driver, and according to NEC requirements.
- 7. Reassemble the LED reflector assembly and lens.

MAINTENANCE DATA:

- 1. Although no routine maintenance is required to keep this luminaire functional, it should be checked periodically to ensure it is working properly, and to look for any external damage
- 2. For optimum performance, keep the light transmission portion of the luminaire clean.
